

College of Arts and Science: Minor in Mathematics

- All courses used for the minor must be passed with a C- grade or above.
- The minor requires 22 credit hours of mathematics, although exceptions can be made when transfer courses for Math 1500 and/or Math 1700 are only 4 credit hours.
- It is an A&S requirement that **at least 9 credit hours of math be taken at MU.**
- Courses used in a math minor may not be used in a statistics major or minor.

Directions

- (1) Fill out personal information.
